

Presenting The Sound Barrier, A Sound Solution.

On stage or in the studio The Sound Barrier will radically optimize your live performance sound mixing capabilities. This fully assembled wall of break resistant acrylic panels will bring the sometimes overpowering volume levels of acoustic drums into balance with those of the other instruments and vocals.

Sound Barrier Features:

- 1/4" thick transparent Acrylic panels
- Impact resistant
- Excellent optical quality
- Full length hinge (New!)
- The strongest most reliable thermoplastic hinge available... tested for over 1 million flexures
- Fully assembled (New!)
- Easy set up
- Cable pass through
- Several size and panel combinations
- Expandable
- Durable gorilla proof packaging for hassle free shipping

Applications:

- Churches
- Schools
- Practice Rooms
- Recording Studios
- Theaters
- Clubs
- Concert Venues

- Detachable shoulder strap

Novus #1 Plastics Cleaner.

Gently cleans all plastics without scratching. Leaves a lustrous shine that resists fogging, repels dust, and eliminates static.

Novus #2 Fine Scratch Remover.

Removes fine scratches, haziness and abrasions from most plastics. With repeated use, NOVUS No. 2 restores faded and discolored plastics.

Novus #3 Heavy Scratch Remover.

Removes heavy scratches and abrasions from most acrylic surfaces. Use when damage is too severe to be restored with NOVUS No. 2 polish.
